TERRY CONNORTON

Terry is the Director of the Spartanburg Downtown Memorial Airport. He is an active Certified Flight Instructor and a US Coast Guard Licensed Captain.

One of Terry goals is to provide an outreach to the local community within aviation. He has brought together all the aviation groups at the downtown airport with the same goals in sharing their passion for aviation.

In partnering with the Spartanburg Science Center, together they have created a diverse program curriculum that will demonstrate all the possibilities in working with aviation.

ISAAC D. WHITE

Isaac has worked continuously in Aviation since May of 1995. He has worked in every aspect of Aviation from Preventative Maintenance to Engineering of Initial Aircraft Design.

DR. BILL BADDORF

Dr. Bill Baddorf is a pilot in the USAF and Continental Airlines. He has accumulated over 25,000 flight hours in general and commercial aviation.

SCOTT FLETCHER

Scott has been flying Gliders since 2003. He is a FAA Certified Flight Instructor with a Glider Rating.

He is a member of the Carolina Soaring Association that operates out of the Spartanburg Downtown Airport.

LES SINGLETON

Les has been interested in aviation for most of his life and achieved his dream of getting his pilot's license in 2013. He currently serves on the board of the Spartanburg Pilot's Association. By being a part of this program, he hopes to be able to inspire others to achieve their dream in aviation.

The Spartanburg Science Center is thrilled to participate in this new and innovative program in aviation. Partnering with the Spartanburg Downtown Airport to expose our community to the value and appreciation of aviation is exciting. It is one of the first partnerships known that matches a community science center and the study and hands-on experience of many aspects of aviation. Hang on for the ride!
